

REMARKS

Initially, it is noted that the Examiner has objected to claim 7 as depending from a cancelled claim. Applicant has corrected the dependency of claim 7 and withdrawal of the Examiner's rejection is respectfully requested.

The Examiner has indicated that claim 2 contains allowable subject matter. As such, applicant has incorporated the subject matter of dependent claim 2 into independent claim 1. It is now believe that independent claim 1 is in proper form for allowance and such action is earnestly solicited. Claims 5 and 7 depend from claim 1 and further define a furniture glide not shown or suggested in the art. It is believes that claims 5 and 7 are allowable as depending upon an allowable base claim and in view of the subject matter of each claim.

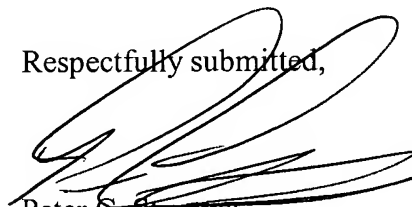

Claims 12, 14, 17 and 19 have been rejected under 35 U.S.C. § 103(a) as being unpatentable over Pura, U.S. Patent No. 2,457,723 in view of Fish, U.S. Patent No. 4,644,610. In addition, claims 16 and 22 have been rejected as being unpatentable over the Pura '723 patent in view of the Fish '610 patent and the Pratt '073 patent. While applicant respectfully disagrees with the Examiner conclusion, applicant has amended independent claims 12 and 19 to incorporate the subject matter of dependent claim 2. It is believed that none of the cited references shows or suggests a furniture glide that incorporates a sleeve including an adjustable portion having a plurality of flexible depressions extending into the cavity of the sleeve. The depressions defines the corresponding inner surfaces for engagement with the furniture leg. Since the cited references do not show such a structure, it is believed that claims 12 and 19 are in proper form for allowance and such action is earnestly solicited.
